***** We strongly recommend that you let us facilitate your balances due, and have your refunds directly deposited. We also believe it is in your best interest that you allow us to electronically file all of your estimated payments. The reason being if a mishap (on your part or ours) occurs it is much easier for us to determine the error and correct it faster and easier if we initiated the transaction. If you prefer us not do to do this and we need to investigate for any reason, because of the time involved we will have bill you for this which we have not billed for in the past. *****
